For Technical help mail- dmethelpline@gmail.com

Once the user ID and Password are changed, from next time, the changed User ID and Password should be used while Log In , but the College Code will remain same for ever. Institutes are advised not to share their User ID and Password to others for security purpose. And if they do so, they will do at their own risk else same can be changed again.

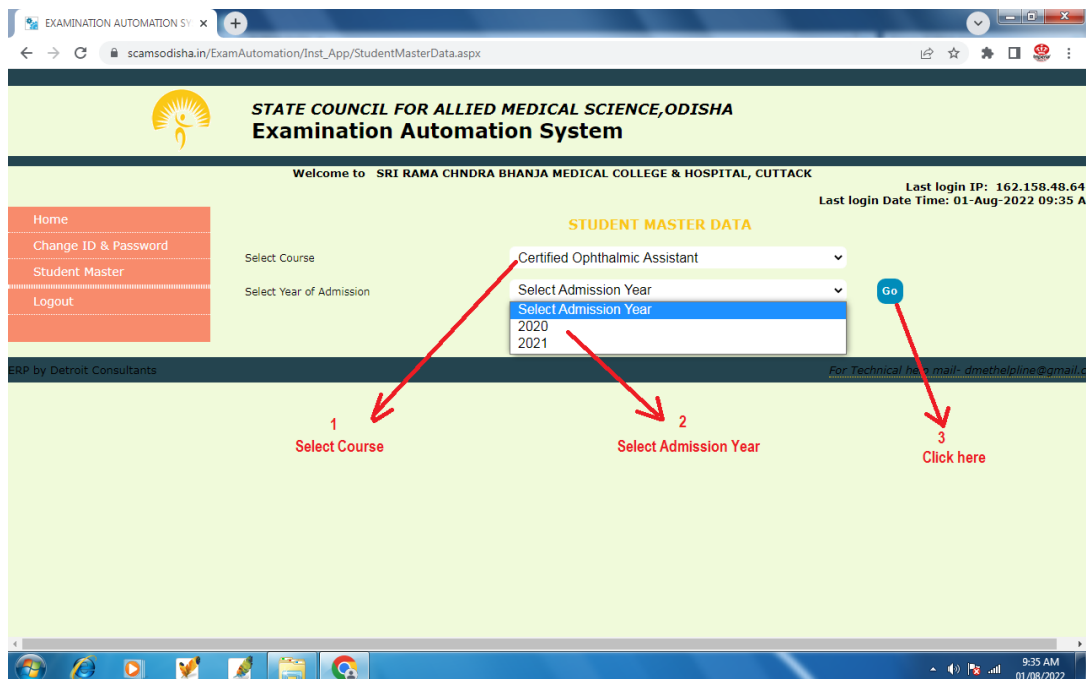

After successfully changing the User ID and Password , Institutes are advised to click on the **STUDENT MASTER** link. All the present continuing student data are already available here (admission year wise and presently given all data of admission year 2020, 2021). Once you select the available courses as well as the year of admission from the drop down menu, you will be able to view the student data (presently those who are continuing and will appear their examinations). **You are advised to have a cross chk to the student Data and keep a copy of their record, verify the same with your record and intimate immediately , if any discrepancies found (before 08/08/2022) by email to Secretary, Allied Medical Science Board, so that necessary corrections will be made to the Student Records. Only**

student Name left-out, or mistakes in student Name (Spelling) should be intimated by email only.

While viewing the student details year wise, you can find out EDIT option in right side of the student Name. Also you will find most of the information regarding student are showing blank except the names. In these cases , click on the **Action (Edit)** option and fill all the desired data and upload students photo and signature and save it. **Just complete all student data on/before 08/08/2022 before the form fill up starts.**

On clicking the Action option against the Student ID and Name , you will get individual student Master Data form in which you need to fill up all required data as shown below. Do this for all the students of all the years those who will appear examination in 2022 session and those who are previously admitted and SAVE Individually.
